FLSMIDTH CEMENT SEMINAR

Solutions for the cement industry

PURPOSE OF THE SEMINAR

This year, FLSmidth offers a combination of knowledge and solutions of FLSmidth Cement for South America in a two-day seminar, free of charge to our customers, to be held in Buenos Aires, Argentina.

We would like to invite you and your organization's strategic employees to attend the seminar and participate in our mission to present and demonstrate the importance of sustainable productivity in the cement industry.

Choosing the right solutions means saving millions in energy and wear costs, increasing throughput, and improving the quality of the clinker for your customers.

Therefore, the seminar will focus on technologies and solutions to reduce costs and improve productivity in cement plants, from a strategic and investment point of view.

SEMINAR DETAILS

Location

Marriot Buenos Aires Hotel
Carlos Pellegrini 551, Buenos Aires
Argentina

Duration

2 days

Dates

October 28 and 29, 2025
