

PARTS EXTENDED WARRANTY SERVICE AGREEMENT FOR KEY OK™ MILL COMPONENTS

The OK™ Mill is manufactured by Fuller under patent and license from Kobe Steel Ltd. & Taiheiyo Cement Corp.

Maximise availability and reduce your operating costs with a service agreement on Fuller® OK Mill and key OK Mill components

Maximise your ROI

Purchasing an OK Mill or engineered part is an investment in the future of your plant. Our service agreements ensure you get the most from your investment, with greater equipment life, performance and cost-efficiency.

5
YEARS
WARRANTY

On key OK Mill parts

The service agreements are structured as yearly subscriptions, making it easy to include in your plant's annual maintenance budget.

KEY BENEFITS

- Extend your warranty on key components
- Increase OK™ Mill availability
- Cut maintenance costs
- Increase ROI and reduce total cost of ownership
- Optimise OK Mill maintenance
- Upskill your operators

Extended warranty on key components

Our Parts Extended warranty service agreement give you an extended warranty on key OK Mill parts, helping you save costs on repairs and eliminate the risk of long lead times and associated downtime. This applies to key components purchased for replacement on installed OK Mills.

Preventive maintenance and predictive analytics to increase OK Mill reliability

Online condition monitoring services help you reduce or even eliminate unexpected downtime. The service also includes expert insights that enable you to optimise the timing and frequency of hardfacing and liner replacement. Together, these services optimise maintenance planning and reduce operating costs. Even better, your team gains by working with our experienced technicians, so they can operate the OK Mill and its components at optimum performance levels.

OK Mill components with extended warranty*

- Roller assembly (3-5 years)
- Swing lever (5 years)
- Shaft assembly (5 years)
- Grinding table casting (5 years)

Warranties are applicable only with 5-year service agreement including on-site inspections and online condition monitoring services

*Wear/consumable parts are not covered by the extended warranty.
