## FLSMIDTH CEMENT SEMINAR

# Solutions for cement industry

## SEMINAR PURPOSE

This year FLSmidth brings the combined knowledge and offerings of FLSmidth Cement to Tunisia and West Africa for a two-days free of charge seminar in Senegal.

We wish to invite you and the key strategical employees in your organization to join the seminar and take part in our mission to introduce and demonstrate the importance of sustainable productivity in the cement industry.

Choosing the right solutions means saving millions in cost on energy and wear, increasing throughput and improving quality of clinker for our customers.

The seminar will therefore focus on the latest full flow-sheet technologies and Service offerings available from FLSmidth from a strategical- and investment point of view.
